Re: ISO 9001 : 2015 Training

Rob,

We sincerely appreciate all that you, SAMA and FloridaMakes does on behalf of manufacturers here on the west coast of Florida and throughout the state.

Manufacturing is vital to our local, state and national economy. As a manufacturer here in Sarasota County, we provide high-paying jobs and career opportunities for many within our community. It is great to have a manufacturing partner and resource such as SAMA – and other SAMA members - to assist our company as we continue to grow, add jobs and expand markets.

In particular, thank you for helping to identify and place a qualified trainer to assist our company – Mullet's Aluminum Products, Inc. – with our ISO 9001 : 2015 certification training over the past 14 months. We are pleased to announce that we have successfully completed and passed our audit! We are now officially an ISO 9001 : 2015 certified facility.

In closing, we highly recommend that other manufacturers in our community utilize the resources that SAMA and FloridaMakes have available. It will only make manufacturing stronger in our community and throughout Florida!

Sincerely,

Mullet's Aluminum Products, Inc.
